About Women and Education Leadership Summit

Women constitute
only 13.76% of the total
entrepreneurs in India.

It's time for you
to 'StepUp' Now !

The Women in Leadership Summit provides an interactive platform to exchange views and reflect upon the challenges and opportunities faced by Indian women in achieving Entrepreneurial and leadership roles.

It will provide learning from their path-breaking experiences to create strong women entrepreneurial ecosystem. It is a platform for like-minded professionals (women & men) who feel gender is an important organizational issue which impacts the profitability and the overall health of the institution and also impacts the social setup of a region.

Every year, in the summit, nearly 100 startups either funded or cofounded by women and around 300 other companies senior leaders gather from various fields including Business, Service industry, Technology, Government, Arts, Social Services, Healthcare, Media and Entertainment gather in to discuss barriers to women advancement in India. Successful leaders and entrepreneurs across all walks of life share their journeys to success which is a learning experience for individuals and organizations in creating strategies and environment essential to women achieving their potential.

This Leadership Summit gives you an opportunity to connect with 300+ decision makers' men & women from diverse industries. The delegates include CXO's, Senior Government Officials and Senior Leaders across a wide range of industries.

About WIEF

WIEF is Not-For-Profit organization, supporting women across country to startup their venture. WIEF is India's first IP Enabled incubator cum Accelerator for Women. WIEF, with a vision of creating one of its own kind of startup ecosystem for women, where their skills and entrepreneurial qualities can be dig out and enhanced, our aim is to start from India and slowly capturing the global ecosystem. We have wide range of program for the entrepreneurs and skilled force to Identify and Enable them to be financially independent with strong wisdom of knowledge.

About ASSOED

The Association of Education Training & Research Institutes (ASSOED) is an apex Knowledge Chamber engaged in policy, research and development in education sector, industry, environment, culture and heritage. It provides policy suggestions to government and non government organizations, represents for and on behalf of various institutions at National as well as International level.

ASSOED is the ink that joins the dots separated by miles; the roads that connect distant places; we are the complex yet unified voice of high and mighty educational institutions in the country. ASSOED provides a forum to all educational institutions to come together and facilitate mutually beneficial interactions with each other as well as uniting the several heard unheard voices singly and in the most unified fashion in interacting with the government, thereby resulting in the betterment of the education services themselves.

Testimonials

STEP UP 360 summit by Ennoble IP was an excellent initiative by an enthusiastic young team. It created an open and interactive platform for dialogue between startups and investors. I am very impressed by the innovative ideas of startups. The very enthusiasm of Ennoble IP was very inspiring and they have done a professional job. Wish then many such successful events in future.

R. F. Patel

STEP UP 360 event was a great success and i really loved interacting with all the startups. Keep up the good work.

Abhijeet Kumar

Step UP 360 is a great event to get inspired, learn from the experts and meet other entrepreneurs. if you plan to start your own company in the future or an entrepreneur in the making, you gotta be there. The energy of the event is contagious.

Deepak Goel

Excellent initiative by team Ennoble IP. Startups need support from industry leaders, STEP UP 360 tried to bring the industry mentors and startups at one platform. I wish team Ennoble All the very best for future events.

Ranvijay Singh

Our history has references to women of remarkable talent and determination and with WIEF Indian women will have a different walk of life.

Haribhai Parthibhai Chaudhary

I've excited seeing the passion and energy of entrepreneurs. They motivate me to work in India, with India, For India and For the world. Heard informative advice from experienced leaders and investors, which are valuable for me also.

Masayoshi Tamura

STEP UP 360 focusing on young budding entrepreneurs and providing a forum for meeting with ventures capitalist and investors is the need of the time when the market in India is the main thrust of the government. India is the fastest growing large economy. There is a huge opportunity waiting for the ambitious with right knowledge and skills, capable to identify critical success factors.

R. B. Barman

WIEF has a noble path where it helps various individual, groups and has empowered the whole community. Encouraging women to start their business as success of one woman will inspire the another.

Vijay Goel

WIEF ke madhyam se jo mahilae ab tak ghar bna rahi thi ab vo desh bnane mai yogdan degi.

Ashwini Kumar Choubey

WIEF leads towards the progressive world where women could do the impossible
